

Sprint 3 Plan  
FitTrak  
Trainers  
Sprint Completion Date: 11/17/2019  
Revision #1  
Revision Date: 11/04/2019

- Goal: Ensure that the user experience across multiple platforms stays as consistent as possible, and that users won't have any trouble using the app regardless of platform
- User stories:
  - As a user, I want a polished trainer/client experience that I can access on web or Android
    - Ensure that the user interface and themes are consistent across all platforms (~6 hours)
    - Ensure that users will have no trouble using the product regardless of their platform (~6 hours)
- Team roles
  - Ryan Ng: Developer
  - Darren Eam: Scrum Master
  - Brix Joshua Tanhueco: Developer
  - Vishal Vaddadhi: Developer
- Initial Task Assignment:
  - Ryan Ng
    - User Story: As a user, I want a polished trainer/client experience that I can access on web or Android
      - Initial Task: Collaborate with the other team members to create a color scheme and design for the Android app that is consistent with the web app.
  - Darren Eam:
    - User Story: As a user, I want a polished trainer/client experience that I can access on web or Android
      - Initial Task: Collaborate with the other team members to create a color scheme and design for the web app that is consistent with the Android app.
  - Brix Joshua Tanhueco:
    - User Story: As a user, I want a polished trainer/client experience that I can access on web or Android
      - Initial Task: Collaborate with the other team members to create a color scheme and design for the web app that is consistent with the Android app.
  - Vishal Vaddadhi:
    - User Story: As a user, I want a polished trainer/client experience that I can access on web or Android

- Initial Task: Collaborate with the other team members to create a color scheme and design for the Android app that is consistent with the Web app.

Initial Burnup Chart:

**Initial Scrum Board:**

Story	Not Started	In Progress	Done
As a user, I want a polished trainer/client experience that I can access on web or Android		Collaborate with the other team members to create a color scheme and design for the Android app that is consistent with the web app. (Ryan, Vishal)	
		Collaborate with the other team members to create a color scheme and design for the web app that is consistent with the Android app. (Josh, Darren)
